4. On Friday, January 13, 2023 Myra and Irene met with the second grade teachers at WES for a mini workshop making button dolls, paper folding, marblizing paper for copy books, and to learn about the history of Quasset School. Kyra Litschauer offered to develop a schedule for the teachers when they are at Quasset School to help with planning.
5. Myra went to the Board of Selectman meeting last month to discuss ARPA funds and how to budget for the repairs needed to be done at Quasset School. Repairs total roughly \$13,000.00. They suggested investigating grants. Discussion was also held on spraying the roof with a solution to extend its life span. We will investigate getting help with this through a donation program at Aubuchon's in Putnam.
6. We need to revise our present flyer. Discussion was held on wording changes. Myra will talk to Chase regarding a quote for printing and changes.
7. Myra talked to Jay Swan about placing large rocks on the edge of the school property by Frog Pond Road to deter parking on the grass. The rocks have not been placed yet and Myra will check with Jay on this.
8. No other old or new business
9. Meeting adjourned at 4:44 pm.

Respectfully submitted,
Irene Wheeler QSAC secretary
