Dattco safely transports 1,400 students to and from Woodstock Elementary, Middle, Woodstock Academy, Killingly VoAg, Eastconn, the Learning Clinic, Ellis Tech on a daily basis. They provide buses for field trips and athletic competitions. At times we need to augment their services with outside transport companies mostly for individual needs of our students.

The diesel and unleaded fuel is purchased by the town with monthly reporting of closely monitored fuel usage by each bus or BOE vehicle. BOE reimburses Town for the cost.

Custodians and maintenance staff make certain that systems are operating properly and maintain a clean and safe environment for our staff and students throughout the day and evening for both the Elementary and Middle School. In the evening and weekends the school is open for town Recreational and local civic organizations this requires custodial presence to maintain a clean and safe school for the students.
