

Getting vaccinated is one of many steps you can take to protect yourself and others from COVID-19. Generations Family Health Center is offering the COVID-19 Vaccine. Here is the info you need to know:

WHO IS CURRENTLY ELIGIBLE TO RECEIVE THE COVID-19 VACCINE?

- Phase 1a**
- Healthcare Workers
 - First Responders
 - Long Term Care Residents and Employees

- Phase 1b**
- Individuals 75 Years of Age or Older
Also eligible in Phase 1b but not being scheduled at this time:
 - Individuals 65 and Older
 - Individuals 16-64 With Certain Medical Conditions
 - Frontline Essential Workers
 - Individuals Living/Working In Congregate Settings

WHO IS GENERATIONS VACCINATING NOW?

Due to limited vaccine supply and staffing, Generations is prioritizing vaccinating our PATIENTS FIRST. Based on the vaccine inventory we received, we will also have a limited amount of vaccines for non-Generations patients.

HOW WILL A PATIENT KNOW IF THEY ARE ELIGIBLE FOR A VACCINE APPOINTMENT?

Generations will be reaching out to all of our patients who are 75 years old or older, through the following methods to schedule an appointment:

- Email (if you have provided us with an email in the past)
- Text (if you have provided us with a cell phone number in the past)
- Phone Call

HOW CAN A NON-GENERATIONS PATIENT WHO IS 75 YEARS OLD OR OLDER REGISTER FOR A VACCINE APPOINTMENT?

By Phone: If you DO NOT have a computer or internet access, NON-Generations patients can call the state’s scheduling assistance hotline at 1-877-918-2224.

On-line: If you DO have a computer or internet access, NON-Generations patients can register in the VAMS system (Vaccine Administration Management System) at:

<https://dphsubmissions.ct.gov/onlinevaccine>

Here you will be asked to fill out a simple form to register with VAMS. You will need to enter your full name, date of birth, eligible occupation (including “retired”), and email address. The information you enter will only be used for purposes of scheduling your vaccination, and will be kept private. Once registered, VAMS will email you to guide you through the appointment process for receiving the COVID-19 vaccine.

FOR MORE INFORMATION ON THE VACCINE PROCESS:

Call 211

Go online to:

Ct.gov/covidvaccine

Genhealth.org/vaccine

WHAT IF I AM NOT 75 YEARS OR OLDER AND AM ELIGIBLE UNDER PHASE 1b GUIDELINES?

We are asking that other Generations patients and the general public, who are eligible under Phase 1b because of another age bracket or medical conditions or place of employment, to please be very patient and let us complete vaccinating the priority group in Phase 1b of 75 years and older first. We also need to finish vaccines for those people in Phase 1a.

HOW WILL I KNOW WHEN I CAN SCHEDULE AN APPOINTMENT IN ONE OF THE ABOVE GROUPS?

For those eligible after the healthcare workers, first responders and long-term care facilities, and the 75 years and older individuals, see below:

GENERATIONS PATIENTS:

When the Governor announces your group is the next priority, Generations will reach out to you in the following ways to register you for an appointment if you would like the vaccine:

- Email (if you have provided us with an email in the past)
- Text (if you have provided us with a cell phone number in the past)
- Phone Call
- Announcements on our website and social media

NON-GENERATIONS PATIENTS: not in the 75 age or older category should frequently CALL 211 or check the following websites for eligibility status:

Ct.gov/covidvaccine

Genhealth.org/vaccine

VACCINE INFORMATION:

We are providing the Moderna vaccination. The second dose is given 28 days later. The second dose will be scheduled at your first dose appointment.
