B100/APPLICATION

SUBJECT: FILE #95000231 - CHILD ROAD #429, MAP #5171, BLOCK #17, LOT #02-1, WOODSTOCK, CT

Dear Robert Page:

On January 23, 2024 this department received an application proposing the addition of a 36' x 24' barn (size revised for 36' x 36' B100a approved on 02/01/2024) to your property.

Based on the information provided and paperwork in our files this request has been approved under the following conditions:

1. There should be no living quarters constructed in the barn.
2. There shall be no toilet facilities supplied to the building.
3. Owner to verify exact location of septic.
4. Septic system to be taped off during construction to ensure proper separating distance is maintained and to protect from heavy traffic or storage of building materials in this area.

Approval is being granted under Section 19-13-B100a of the CT Public Health Code. This approval is given with the understanding that you will provide proper care and maintenance of the existing system (the septic tank is to be pumped every 3 years).

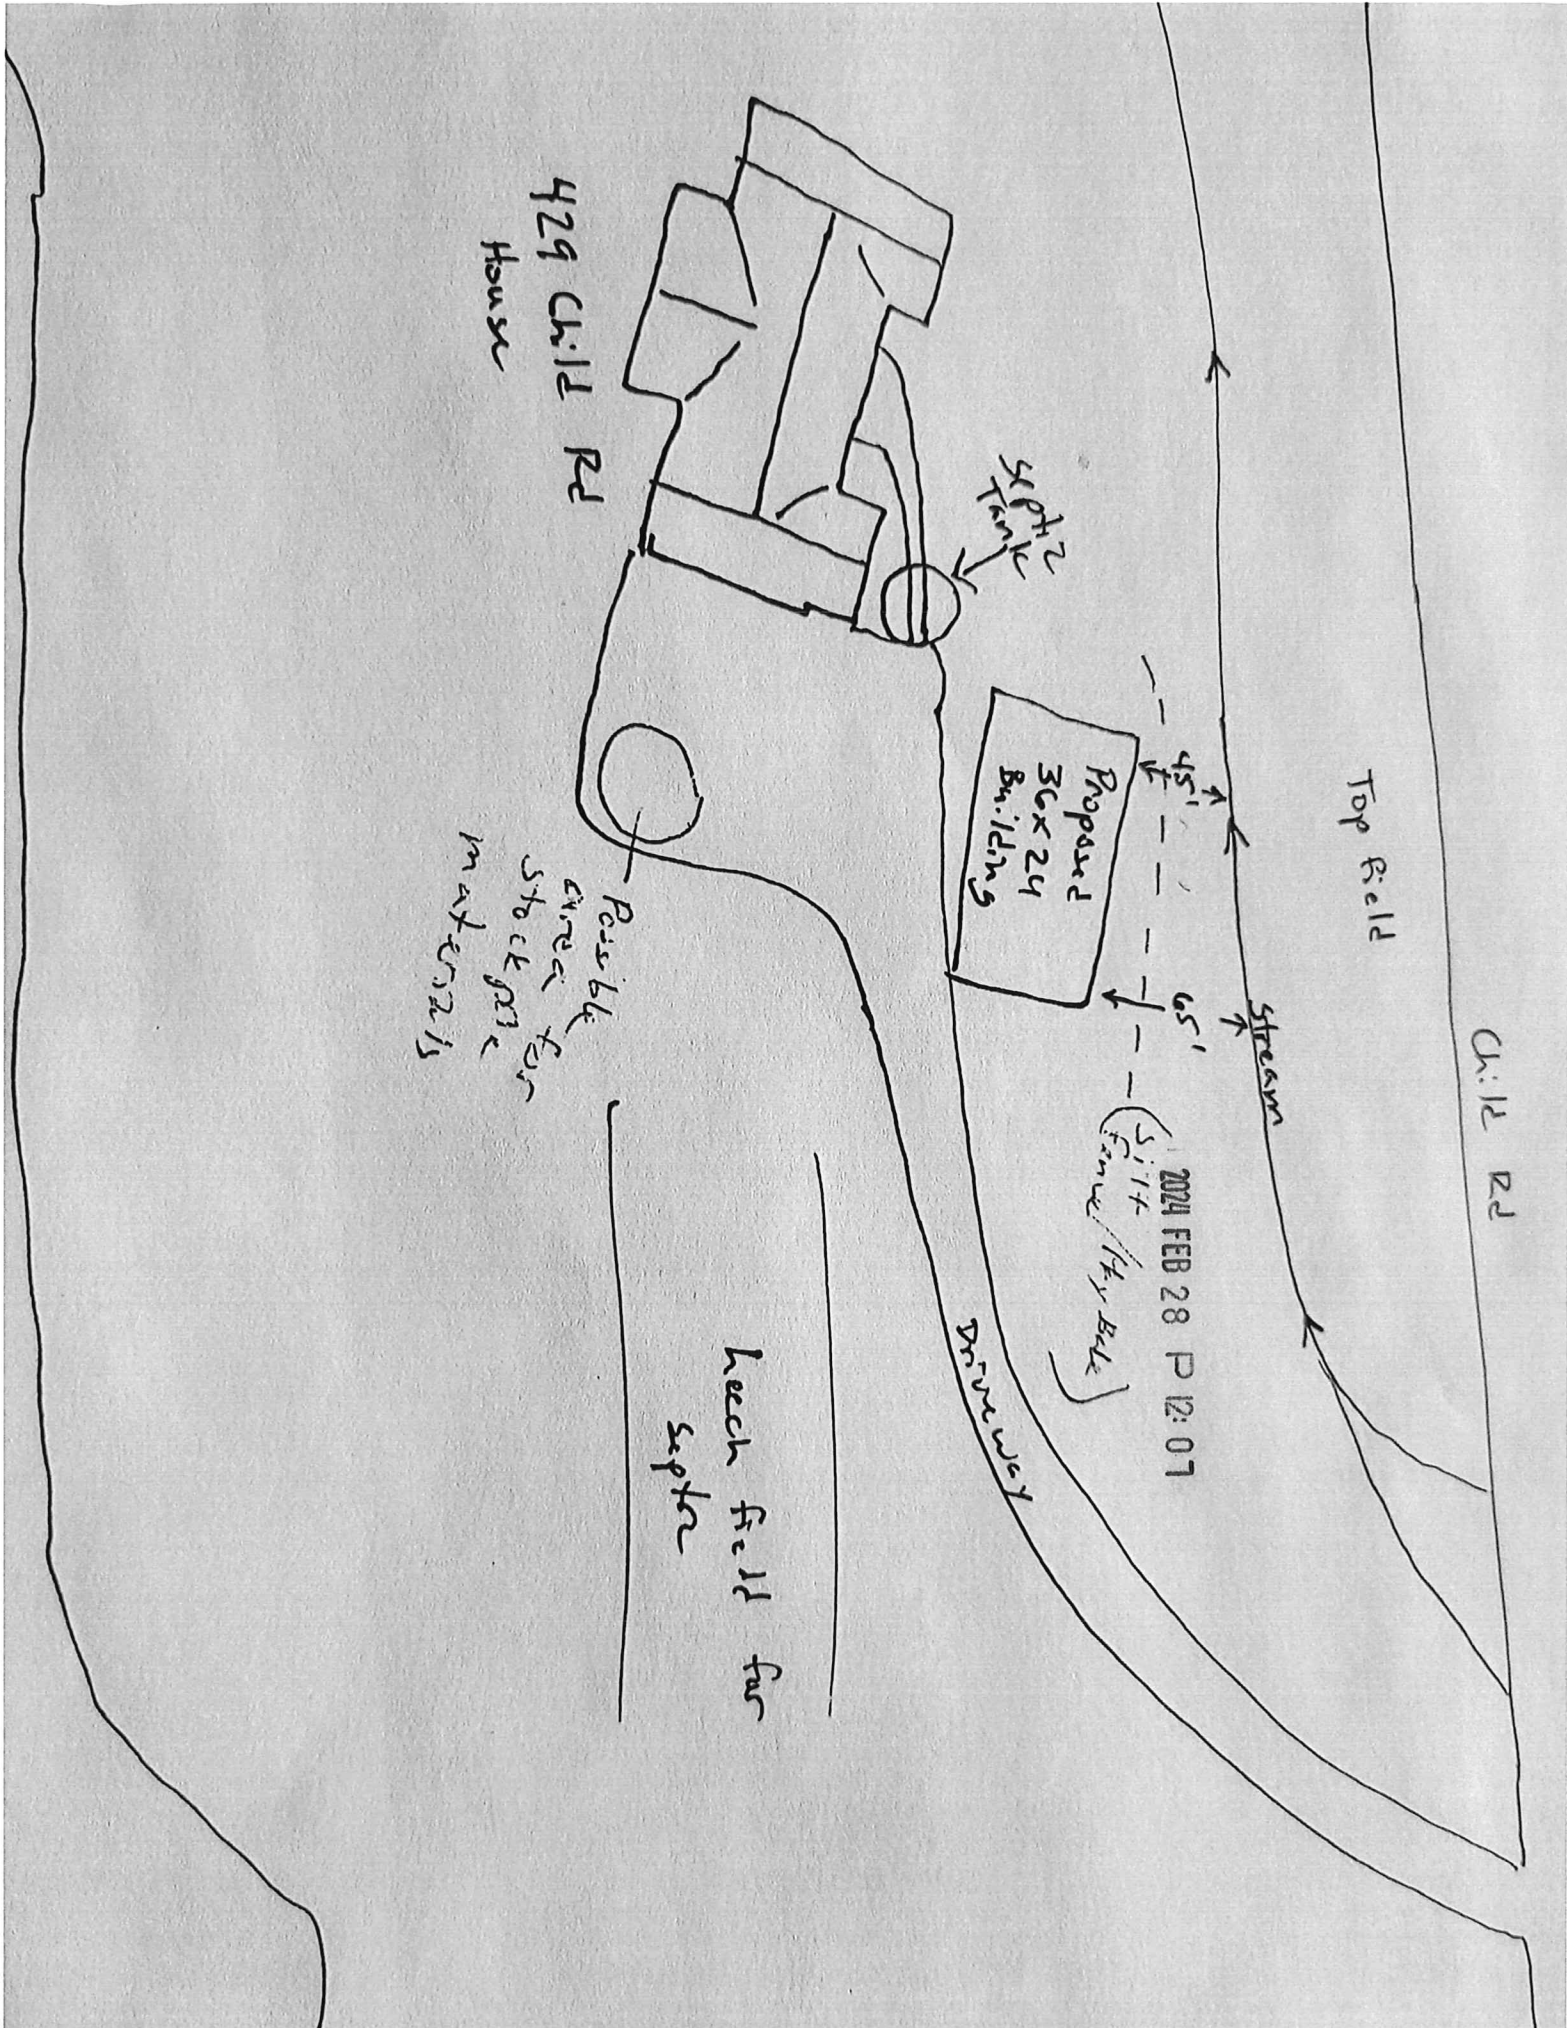

THE OWNER IS RESPONSIBLE TO SEEK PROPER AUTHORIZATION FROM ALL TOWN AGENCIES PRIOR TO START OF CONSTRUCTION.

Should you have any questions, please do not hesitate to contact this office.

Sincerely,

Maureen Marcoux, RS
Senior Sanitarian-NDDH
