Description of activity:
I recently installed 3 truck loads of 3" minus processed gravel in the existing field access. I'm looking to upgrade this existing bar-way to accommodate sufficient access to maintain our property and for hay harvesting. We have a 10 contract with NRCS for Timber harvesting and vegetation management. This location has been used by Sabir Spalding for the past 45 years plus for mowing hay fields. If you need confirmation his phone number is 860-428-5640. I Will install gravel access or paved apron to town specs if required by the town. See attached sketch
