

MINUTES  
WATER POLLUTION CONTROL AUTHORITY  
SPECIAL MEETING  
WEDNESDAY, AUGUST 17, 2022 @ 10:00 A.M.

Members Present: Roger Gale, Tim Rainville, Stewart Morse, John Cimoshowski  
Members Absent: Paul Gohn  
Other Present: None

Roger Gale convened the meeting at 10:00 A.M.

Members reviewed maps of pipe lines and especially, the section from the Academy South (Rte. 169) to Butts Road, running parallel to Liljegren Road. After hearing of a sewer back-up at the Academy South, caused by roots, our concern is the integrity of that section of pipe and ground water infiltration.

It was the consensus of opinion that the WPCA will write a letter to the Academy and the Woodstock Middle School (due to a section of that line running through the Middle School property) expressing our concern and intent to do further investigation.

This item will be added to our Regular Meeting Agenda on Tuesday, August 23, 2022.

Rainville motioned to adjourn at 10:45, Cimoshowski seconded, all in favor.

Respectfully submitted,

Roger Gale

Respectfully submitted by Roger Gale, Chairman of the WPCA.
